Road Report – M. Blatt stated that he is still waiting on an estimate from the Road Commission for the ditching. R. Curell stated that he was on O'Brien Road near Washburn Road and that section of road is very bad and he wondered if we included a mile on O'Brien Road if we would get a better discount for doing four connected miles instead of just the three miles on Washburn Road. M. Blatt stated that C. Sherwin stated that he would have numbers for us next month and we could see what money we have to work with for roads. M. Blatt stated that the road commission is supposed to be giving him roadside mowing verbiage sometime this week. M. Blatt also stated that he has received several complaints about a property on Brown Road and he has been out to the property and the property owner is in compliance to the ordinance and special land use so there is nothing to be done.

**NEW BUSINESS:**

J. Welke stated that the emergency siren is not working right now but A. Holbrook has ordered the necessary part and the electrician will install it as soon as the part arrives. A Resident stated that the Road Commission received a grant to remove some trees in the County and they just recently removed some trees in front of this Resident's house but the equipment messed up the water flow and now their yard is flooding. The Road Commission crew were supposed to come back to finish the job but have not been back. M. Blatt stated that he would contact the Road Commission.
